Gentlemen:

Wanted to be sure you are aware. This is our facility in Region 4 where we have been dealing with GenX. They likely have started sending their process water to Texas for Class I injection. Let me know if you have questions.

Becky

FYI – Linda Culpepper was on this, so at the time I thought you had gotten this. It never circulated around the Waste Division. Another good reason to have our internal repository set up.

**Subject:** Chemours wastewater treatment program

Ms. Holman and Mr. George,

Attached please find a letter outlining the Chemours Fayetteville sites' intention to transition wastewater disposal away from incineration and to Deep Well injection.

Please call or e-mail me with any questions or comments.

Respectfully submitted,  
Kevin
